What is the US CMA?

The Certified Management Accountant (CMA) is the premier global certification in management accounting and corporate finance, administered by the IMA (Institute of Management Accountants), USA. Unlike financial accounting credentials, the US CMA focuses on internal decision-making, strategic planning, budgeting, performance management, and financial analysis — the exact skills MNCs and Global Capability Centres (GCCs) need from finance teams in India.

Programme at a Glance

Attribute	Detail
Awarding body	Institute of Management Accountants (IMA), USA
Total exams	2 Parts (each 4 hours, 100 MCQs + 2 essay questions)
Typical duration	6 to 9 months for both parts
